# MINUTES OF ANNUAL MEETING.

---

April 30, 1901.

The annual public meeting was held in the Home, Mrs. Lyon in the chair. The meeting was opened with a song by the children. The Rev. Mr. Norris, of St. Matthew's Church, read a portion of Scripture, and Rev. Mr. Hutchins, pastor of Bedford Presbyterian Church, offered prayer. Mrs. Barclay Dunham sang "O, that we two were Maying," and "In winter I get up by Night." The minutes of the last annual meeting were read and approved and the Treasurer's report, showing a balance in general fund of \$6,752.09, was read. Motion made by Mrs. William Howard that the report be accepted and printed. Carried.

The Rev. Mr. Hutchins then read the Corresponding Secretary's report, which Mrs. Dickinson moved should be adopted and printed. Carried.

Mrs. Dunham followed with another song, "Bendemere Stream." After the election of managers, Rev. E. E. Chivers, D.D., pastor of Sixth Avenue Baptist Church, made an address, speaking of his hearty sympathy with the work, and of the effectiveness of work among the young.

Mrs. Dunham sang two more songs, "Picardy" and "I'm wearing awa', Jean."

Mrs. Lyon asked the friends to inspect the work of the boys—cobbling, etc.; the girls' cooking class, and all parts of the building, not forgetting to stop in the parlor and partake of the refreshments there provided. She also thanked the friends who had so generously contributed to the enjoyment of the occasion, Mrs. Dunham, Mrs. Norton and the gentlemen who had taken part. The benediction was pronounced by Rev. Mr. Norris.

Respectfully submitted,

NELLIE T. LAZELL,  
*Recording Secretary.*

Approved May 7, 1901.

FORTY-SEVENTH ANNUAL REPORT  
OF THE  
BOARD OF MANAGERS  
OF THE  
Brooklyn Industrial School Association  
AND HOME FOR DESTITUTE CHILDREN.

---

To a person not intimately acquainted with our work, the Annual Report of the Home for Destitute Children is little more than a compilation of facts and figures, differing slightly from year to year, either in results or the means of their attainment. Those of us, however, to whom has come the privilege of outlining the work of our Association and of witnessing the development of that work, know the elements that go to make up the Annual Report, and recognize that the changes each year must of necessity be either for better or for worse and realize that upon us lies the responsibility for these changes. Thus it is that we review the past to find guidance for the future.

SCHOOL NUMBER ONE.

"During the year now ended we have often been faint-hearted and ready to give up, the troubles and trials are so many," thus writes the teacher of School Number One; yet, she says: "As each month rolled away and as we looked back over our work, we could see some good accomplished, and we knew that many little hearts were happier and many a little child had been nourished, and certainly there has been gratitude felt by many of the parents. Appreciation is sweet to us and when we hear a mother say: "This school is a blessing to the neighborhood," and another, "My little boy learns so well," it cheers our hearts and makes us feel we are not working in vain. This year has not been an idle one. I feel we have never worked so hard or had better results. The atten-

dance has been excellent and the childrmen have worked conscientiously and faithfully in almost every particular. Last winter seemed to be a very hard one for the poor, as was shown by the number of children asking for admission. The teachers from this school have called upon the mothers of several of the children. They found that this brought them in touch with the home life and the parents felt pleased at this sign of personal interest. Thanksgiving Day was celebrated by an entertainment, and our usual chicken dinner, potatoes, pie and cocoa furnished by Mrs. Oliphant. Three families were provided with dinners and each child had a small gift. Our Annual Picnic in June is always a red letter day to the children. Seventy-nine children were taken this year to Prospect Park and had a long, happy day, a ride on the merry-go-round, games on the grass, and a fine luncheon furnished by the Committee. We have received the kindest attention from the officers of the "Fresh Air Fund," many of our children being sent to private homes for their vacation. I wish to thank our kitchen-garden teacher, Miss Rogers, for her faithful devotion and the interest and generosity shown to her class, also to our chairman, whose kindness is unlimited. The ladies of the Committee of School Number One are also deserving of our heartiest thanks and appreciation.

#### THE MEMORIAL SCHOOL—SCHOOL NUMBER TWO.

In looking over the last year, the happiest time was at Christmas. Through the kindness of the "Alpha and Omega" Circle of King's Daughters, each child was provided with a gift, the kindergarten children receiving dolls and books, and the older ones games. There was the telling of the birth of Christ, which story they know so well but never tire of hearing. The dinner which the managers gave them was also greatly enjoyed. We have been much encouraged by the marked improvement made by some of the slower as well as the brighter ones. The kitchen-garden girls seem so much interested in their work that the lessons now being learned will be put into practice after they have left this school. The teacher in the kindergarten reports great improvement along intellectual as well as moral lines among the boys, during the month of February, when the talks were of heroes, Lincoln and Washington. One time of the year which

the children enjoy is summer, when preparations for sending them to the country are being made. This has been a hard winter for some of the families and the clothing which was given them was very thankfully received and appreciated.

### THE HOME SCHOOL—SCHOOL NUMBER THREE.

The regular school work, consisting of eight primary grades, is conducted as nearly as possible in accordance with the public school schedule. Holidays and birthdays of famous men receive special attention. The salute to the flag given on appropriate occasions, and love of country fostered and encouraged. The two sewing classes, of twenty-five girls each, have completed during the year one hundred and eighty-five articles. These consist of towels aprons, bibs, face cloths, center-pieces, dusters and fancy bags of various kinds. In making these the girls learn hemming, felling, over casting, binding, outlining and feather-stitching.

Sixty-two boys have, during the past year, received instruction in cobbling. During the summer, when for a short time they had no instructor, the boys volunteered to keep up the work by themselves that their shoes might be kept in repair. During the year, 1,922 pairs of shoes have been repaired. Mr. Davis, who now has charge, is well pleased with the increased attention and interest the boys are manifesting. The work in Manual Training has been done in about the same way as described in former reports. The course has been simplified wherever possible. The number of classes is also the same—four classes, one hour each a week. Seventy-two boys have been enrolled so far this year. The results are satisfactory and compare well with the work done in other schools by pupils of the same age and ability. Both boys and girls receive instruction in all the various departments of housework, under careful supervision.

Owing to the success of an entertainment given by that Committee, we were able to engage a competent teacher, and to organize a cooking class at the Home. To Mrs. Oliphant, chairman of Industrial Committee for Girls, our thanks are due for the perfect manner in which this branch of our work is being carried on. The following report was given by a visitor, who found the lesson most interesting: The class was still struggling with the bread question. Each girl was required to have the recipe written, as Miss

Johnson, the teacher, thought this would fix it in their minds. The next subjects will be how to boil and mash potatoes, bake apples, how to make a boiled custard and to boil eggs (hygienically boil). At the same time she teaches them to be polite, neat and even correcting their way of speaking. The class cleaned and set the table, then sat down to eat the luncheon they had cooked, so nothing was wasted. The greatest punishment they could have was not to be allowed to eat downstairs with the rest of the class. The Children's Library has received a recent addition of from twenty-five to thirty excellent books. These are greatly enjoyed by the older boys and girls in the evening reading club.

Many instances of generosity are noted among the children at the Home. One especially being brought to the notice of the Executive Board. At the Sunday School our children attend each child was asked to bring something to give away to some one poorer than they for Christmeas. Our boys appeared at Sunday School with a bag of apples. On being questioned it was found that each had saved the apple given him at dinner that day and in that way they had quite a large bag full. No one at the Home knew of this so the impulse to give away something originated in their own hearts.

#### SCHOOL NUMBER FOUR

Reports a year of prosperity. The teacher, Miss Magalhães, interested her friends so much while on her summer vacation that a country box was sent to School Number Four in the fall, containing a sample of almost everything that grows in the country, both wild and cultivated. It was accompanied by a descriptive letter from each giver, and received by the children with intense enjoyment. There was also an apple for each child, and, strange to say, there were just enough for all. Older people were also enthused by this wonder box and found it extremely interesting. Then followed the letters, thanking the givers, written by the children themselves, and were very creditable. One of these friends sent a load of sea sand and money to build a large box in the play yard to hold it. This, too, has been a great pleasure to the children. The play ground has been covered with Kosmocrete, and another friend of the school has had placed a substantial coping around a space left for flowers the beds being put in good

condition for planting flowers in the spring. Through the joint efforts of the Free Kindergarten Society and this Association the very cheerful Kindergarten room at Number Four has now a flourishing school, known as the Edward Richardson Memorial Kindergarten. A bronze Memorial Tablet has been placed in the building, on which are the names of friends who left bequests to the Association by which it was possible to erect the fine school building for Number Four. The Christmas entertainment was very interesting, showing the ability of the children and the untiring and loving interest of the teachers. The school rooms were tastefully decorated by kind friends. The primary children are to be commended for keeping a secret so well and so long. They saved their pennies from the 1st of October and, with Miss Webster's help, surprised the older class by presenting to them a handsome silk flag which they salute every Friday morning. The children have been bountifully remembered by kind friends with treats of strawberries, apples, oranges, etc. The Sewing Class is doing excellent work. Some of the girls have made dresses for themselves and a few dainty white aprons trimmed with narrow lace. The boys are also ambitious and try to please their worthy teacher. The primary room is filled to overflowing. Most of the families are very needy. The distribution of partly worn garments has been greatly appreciated. Some of the mothers have sent notes of thanks, others have thanked us personally; while others took what was given them as a matter of course.

#### THE GERTRUDE LEFFERTS VANDERBILT INDUSTRIAL SCHOOL—SCHOOL NUMBER FIVE.

The general school work at this school has been satisfactory, as usual,—the smaller children taking special interest in reading and writing, while the older ones show their interest in Geography and History, which they enjoy. Many of the children have completed garments in the Sewing Class, one boy having made three shirt waists while most of the boys have made at least one. The girls have made dresses for themselves. The Kitchen-garden Class are happy in their work and take pleasure in the songs and exercises. Mr. Burrows, a member of the Tompkins Avenue Congregational Church, has given interesting talks on Bible stories on Thursday afternoons, taking up the life of Joseph and

charmingly portraying his career. During the holidays, twenty-five pupils were given a dinner and another fortunate twenty-five were given a treat by the St. Matthews' Sunday School. One family were remembered at Christmas by the kind-hearted people with whom their children had been during the summer. One Friday a tea was given by the Committee of School Number Five to the mothers of the pupils. The programme was delightful, including musical selections and an appropriate address by Dr. Norris, of St. Matthews', and one by Mrs. Mennoy, who spoke to the mothers in German to their evident delight. Later the mothers were entertained in the dining room, where a bountiful repast was served. Our rubber fund has grown slowly but surely; we have had several generous donations, enabling us to supply many more children with rubbers. Still we ask for more. The library books loaned during the week as a reward for good conduct, are much enjoyed by the children.

#### SCHOOL NUMBER SIX.

As we read the monthly reports of this school one cannot fail to see the wonderful work done by it in this wretched neighborhood, among the very poor. The children are nearly all from families where there is always lack of food and clothing, and the instructions given in this school are all which these children ever receive. Besides learning to read and write, many other things are taught, which in no other way could they ever hear about. "A trip through Europe" was given at one time, each scholar taking either a city a river, a product, one of the many cathedrals or larger buildings, etc., and telling about it, giving a detailed description of each topic, making a continuous story, which was exceedingly interesting to those who heard the recitation of the journey from New York to Liverpool by steamer, traveling from there through the various cities minutely describing each one so that all the scholars had some idea of what was meant by a trip through Europe. The holidays are always observed by appropriate exercises, Lincoln and Washington birthdays with speaking, reading, and other exercises. Each child was given a miniature hatchet and the old "Cherry tree" story again brought to mind. The Sewing Class, taught by Miss Miller, is doing good work, and the boys *even* are interested in making shirt

waists for themselves and making buttonholes remarkably well. One of the first scholars who attended Number Six when it started, greeted me at one of our churches the other day, of which she and her husband are members. Holding the hand of her little daughter, she said: "Where would I have been to-day but for School Number Six?" We have been presented, as have some of the other schools, with the Sistine Madonna, by the officers of our Institution, and our children were immediately told of the great artist, his life and work, and repeated it to us when asked about it. Our matron still has her Chapel behind the furnace in one end of the dining room, and there has talks with the children, if any are in trouble or disgrace, exerting an untold influence for good upon them. There is extreme poverty and destitution among our families which has often been relieved by our good friends. Also by the "Bureau of Charities" and the Society for Improving the Condition of the Poor, and often a physician has been sent by the latter society. The Kitchen-garden Exercises are still taught by our faithful volunteer teacher, Miss Gammon, and her assistant, Miss Ficken. So with all our efforts for the uplifting and advancement of these poor children, we have the greatest encouragement.

### THE HOME.

*The Nursery.*—The bright faces of the little ones as we see them in the Nursery, as they gather round Miss Mears, and the music of their voices as they are led in song by their Kindergarten teacher, Miss Rich, is not soon forgotten. What a fine time these dear children had the day they took the delightful ride in one of the big Park sleighs. To many of them the white frost-covered trees, as they glistened in the sun, seemed like a bit of Fairy Land. The Nursery has so many kind friends that it is impossible to tell everything. The faithful ones who meet every Friday morning to repair their little garments, the good times the children had at Christmas, the summer drives to Coney Island, the treats of ice cream, cake and fruit. I am sure, dear friends, the children appreciate it all. Ninety-two little ones have had a home in the Nursery during the year. The rosy cheeks and happy voices testify it has been a true home indeed.

## THE HOSPITAL.

The record for this year in the Hospital is in many respects more favorable than last. Eighty-eight cases of chicken-pox and a few cases of whooping cough, cover the list of contagious diseases. There have been sixteen cases of pneumonia, five of which were very severe, and we are happy to say that we have had no fatalities.

Again we wish to return special thanks to Drs. Edson and Goodrich, our regular attending physicians, for their unremitting care of the needs of this department. To Drs. Wood and Winfield, to whom as specialists we owe much, also to Dr. Houghton, our dentist, who has so cheerfully responded to every call.

We wish to thank the ladies who have been so kind in remembering us with donations of money which has enabled our convalescing children to have two trips to Coney Island and fourteen other treats of ice cream and fruit. We wish to make special mention of our Christmas tree, and the beautiful picture screen, made by the willing hands of the Girls' Friendly Society of St. Michael's Church, to whom we send our thanks; also to all our kind, thoughtful friends who have remembered our sick children.

## THE SUMMER SCHOOL.

The Summer School, held at the "Home" during the month of August, proved that manual training, even for so short a time, was not only practicable but valuable. There were two classes, one of twenty-five boys, and another of twenty-five girls, from ten-thirty until twelve. As the experience of educators in the work has shown, that in elementary classes it is best not to differentiate the work of boys and girls, the course in the lessons was the same. The material used was raffia, a kind of grass used by florists to tie their flowers, and rattan. These materials required no tools or other outfit. From raffia braided and sewn, were made mats, fern baskets, napkin rings and other small articles. This prepared the children for the more difficult work with cane. With the cane the children learned regular basket weaving; some of these were waste baskets large enough to be really serviceable. In this work there is room for individual taste as well as skill. It was a great pleasure to follow the earnest work

of these children, and to see their delight when they had accomplished something really useful and beautiful. It was not merely work or entertainment, but it was a means of development for the minds and characters of the children.

#### COMMITTEE ON REPAIRS.

Each year, to keep our different buildings in good condition, much money must necessarily be expended, and on the part of the Committee, constant watchfulness exercised. The observant visitor at the Home will notice two needed improvements since our last Annual Meeting, one a Mott's drinking fountain in the boys' basement play-room, the other a large steam boiler for cooking cereals.

#### FAMILY HOMES.

One boy has been sent to a home in Connecticut during the past year; other members of the same family are still here in the Home, but the mother was willing that her eldest child should have the advantage of living in a Christian family. The boy is not allowed to forget his relatives. Encouraging reports often reach us, telling of the success that has come to former inmates of the Home. One case that especially pleased us is that of a girl who married and is now, through her own exertions, the head of "The Julien," a small hotel at 15 West Twentieth Street, New York, where rooms can be had by those visiting the city and meals served, especially luncheon, for shoppers. She makes a specialty of home cooking. Six children have reached the age of twenty-one and have received the money deposited to their credit in the bank.

#### MANAGERS' FUND.

Since the last meeting, \$1,381 have been received by Mrs. Maxwell. This amount was contributed by only seventy out of two hundred and twenty-five managers. This fund we find very useful in repairing our committee rooms, buying carpets, and in many other ways adding to the comfort of the Home. The Managers again wish to thank their counsel, Mr. Alexis C. Smith, for the great amount of work he has done for the Institution during the year. To our Advisory Board they also tender a vote of thanks for their prompt response whenever we are in need of their advice.

## RECREATION FUND.

Early in June forty or more children who attend Sunday School at St. John's Episcopal Church, were invited to accompany the Church School on their annual excursion. The trip to Cold Spring Harbor was a great pleasure; our Fund providing the necessary car fares for the Home pupils. On August 14th sixty boys were taken, under the charge of the Matron and a caretaker, to visit Glen Island. It is useless to attempt an expression of the pleasure this trip afforded. On August 24th our good friend, Rev. Mr. Heydrick, again planned a trip to Rockaway. One hundred and forty-two boys and ninety-six girls and nine attendants shared in this most delightful excursion, the financial part being met by our Recreation Fund. There are many ways in which this "Fund" helps to bring cheer to the children. Some little boy or girl, whose parents either from sickness or pecuniary trouble cannot provide for the little one at Christmas time, is often made to feel the gladness of that season, by a gift purchased with this "Fund" that our kind and generous friends have for so many years provided.

## HOME SEWING COMMITTEE.

Reports from this Committee are about the same year after year. The children need and wear out about the same number of garments. Westcott's Express still continues to deliver our work weekly, free of charge, to the Friends' Employment Society of New York, who have made 1,400 garments for us. At Willow Place Mission they have made 274 garments, and St. Ann's Employment Society, 336 garments. In our sewing room at the Home four seamstresses are always busy cutting making and repairing. Many of the Managers also help us, having work done by friends or their Church societies. The Sewing Committee meet at the Home Friday mornings at 10.30, and are always happy to have friends join them for an hour or two of work.

With increased financial needs, due in part to the acquisition of the Lincoln Industrial School, comes a considerable diminution in the proceeds from our Annual Fair, as well as a reduction in the amount of funds received by our Association from the city. It therefore becomes more necessary than ever before to make an urgent appeal for financial assistance. The only bequest

we have received this year is \$1,000, just given us by the Union for Christian Work, that Association having turned over its Library to the City of Brooklyn found that they had a small invested fund, decided to divide this fund among several of the most deserving charities and among them we were not forgotten. This sum will be placed in the permanent investment fund belonging to our Association. Our beloved friend, Mrs. Vanderbilt, has taken great interest in our recent acquisition of the Lincoln Industrial School.

#### IN MEMORIAM.

Only one Manager has passed away this year, Mrs. A. B. Mitchell. She was an earnest and enthusiastic worker at School Number Five.

Thus ends our year. In the new we shall continue the more faithfully our endeavor to bring joy and added usefulness to the young lives under our care. In so doing will our own be broadened.

Respectfully submitted,

MARIANA V. MATHEWS,  
*Corresponding Secretary.*

Approved and ordered printed,  
May 7, 1901.

CONSTITUTION  
OF THE  
Brooklyn Industrial School Association  
AND  
HOME FOR DESTITUTE CHILDREN.  
As Amended and Adopted March, 1893.

---

ARTICLE I.

This Association shall be known as the "BROOKLYN INDUSTRIAL SCHOOL ASSOCIATION AND HOME FOR DESTITUTE CHILDREN," and its object shall be to establish and support Industrial Schools, and to maintain a Home for Destitute Children in the City of Brooklyn.

ARTICLE II.

Any person contributing one dollar or more annually to the support of this Association shall be a member thereof and shall be entitled to vote on all questions at the Annual Meeting.

ARTICLE III.

Any person may become a Life Member of the Association by the payment of one hundred dollars, if this sum be given for that purpose.

ARTICLE IV.

Any person may be made an Honorary Member of the Association by the vote of a majority of the Board of Managers, in consideration of great or long-continued service.

ARTICLE V.

A Board of Managers, consisting of nine Corporate Managers, and as many Associate Managers as may be desired, shall be chosen by the members of the Association at the Annual Meeting, from the different religious denominations in Brooklyn to conduct the affairs of the Association.

ARTICLE VI.

The officers of the Board of Managers shall consist of a President, a first and a second Vice-President, a Corresponding and a Recording Secretary, a Treasurer, and, if necessary, an Assistant Treasurer. to be chosen by the Board of Managers. They shall be elected for the year by ballot at a meeting held the first Tuesday in May. The Managers shall have the power to fill vacancies occurring between the periods of the Annual Election.

## ARTICLE VII.

The Standing Committees shall be as follows, viz.: An Executive Committee; Auditing Committee; on Repairs; on Purchasing; on Investigating Applications for the Admission of Children; Committee for Indenturing Children; a Nominating Committee; a Nursery Committee; a House Committee; a Table Committee; Hospital Committee; Supervision Committee; Industrial Educational Committee for Girls; Industrial Educational Committee for Boys; Music Committee; Kitchen Garden Committee; Entertainment Committee; Examining Committee for Schools; Detention-Room Committee; School Committee; Committee for Visiting Schools; Managers' Fund Committee. These Committees shall be appointed for the year at the meeting held on the first Tuesday in May. The time of service of all Special Committees shall depend on the pleasure of the Board.

## ARTICLE VIII.

The Executive Committee shall be composed of the President, Vice-Presidents, Treasurers, Secretaries, the Auditing Committee, Committee on Repairs, Purchasing Committee, Investigating Committee and the Chairmen of all the Standing Committees. Managers serving on the Executive Committee shall be appointed for two years; one or more new Managers to be chosen every year.

## ARTICLE IX.

The Auditing Committee shall consist of the President, Vice-Presidents and two or more Managers.

## ARTICLE X.

There shall be an Advisory Committee of gentlemen for the purpose of giving aid and advice in the business transactions of the Association whenever circumstance may require.

## ARTICLE XI.

This Constitution may be submitted to the Board for additions or amendments, if such be considered necessary or expedient, provided a notice has been given at a previous regular meeting.

# BY-LAWS

As Amended and Adopted March, 1893.

## ANNUAL MEETINGS.

1. The Annual Meeting shall be held on the third Tuesday of April, or on such day of said month as may be determined at the previous Monthly Meeting.

## REGULAR MEETINGS.

2. The Regular Meetings of the Board of Managers shall be held on the first Tuesday of every month, at half-past ten A. M., at the Home.

The following shall be the order of business at the meetings:

- 1st. Reading of Scriptures and prayer.
- 2d. Reading the minutes of previous meetings.
- 3d. Report of the Treasurer.
- 4th. Report of Executive Committee by Corresponding Secretary.
- 5th. Reports from School Teachers and Bible Readers.
- 6th. Reports from Standing Committees.
- 7th. Reports from Special Committees.
- 8th. Communications received and General Business.
- 9th. Calling the roll.

## QUORUM.

3. Five members shall constitute a quorum for the transaction of business, but not less than nine members must be present at the Amendment of Constitution and By-Laws.

## REGULATIONS FOR MEETINGS.

4. No person shall withdraw from the meeting without giving satisfactory reasons for doing so. No conversation except such as relates to business can be allowed. All remarks shall be addressed to the presiding officer, and must relate to the business before the meeting.

## CHAIRMAN OF MEETINGS.

5. The member first named on a committee shall preside, give notice of time and place of meeting, and report proceedings to the Board.

## RESOLUTIONS.

6. No former resolutions shall be reconsidered unless called for by one of the majority who passed it.

## SPECIAL MEETINGS.

7. Special Meetings may be called by the President, and in her absence by one of the Vice-Presidents, or at the request of any two members of the Board.

## SCHOOLS.

8. The schools shall be numbered in the order of their establishment. Every school shall be under the care of a Committee of Managers, and shall be conducted as nearly as possible in conformity with the rules of the Board of Education of the City of Brooklyn. Reading the Bible shall constitute part of the daily exercises.

## CHILDREN.

9. Children shall not be indentured or adopted in the City of Brooklyn, except under peculiarly favorable circumstances. Children under two years of age shall not be received into the Nursery unless surrendered. Children who are proper subjects for the public schools shall not be admitted into the schools of the Association.

Children who can read and write, and are old enough to earn a living, and boys over ten years of age, shall not be considered proper subjects for these schools; but in special cases such may be admitted by a vote of the local school committee.

Children may be temporarily received into the schools by the teachers, but their continuance as scholars must depend upon the wishes of the local school committee.

A child may be suspended temporarily by the teacher, but no scholar shall be dismissed or expelled except by vote of the local committee.

## BIBLE READING.

10. A Bible reader shall be employed in every school, whose duty it shall be to visit in poor families, to collect scholars for the school, and to render such aid to their parents as may be in her power. She shall call upon absentees who are reported to her by the teacher, and she shall report monthly to the Board of Managers, in writing, the number of visits she has paid during the month and give an account of the children and families she has visited.

## PAYMENT OF BILLS.

11. Bills shall be presented for payment on the first Tuesday in the month, at the Home, after the monthly meeting of the Board.

## MANAGERS.

12. The Board of Managers shall have power to control all the arrangements necessary to carry into effect the benevolent purposes of the Association. Every member is expected to attend the meetings of the Board, to serve on one or more of the committees, and to do her full share of the work. A member may be dismissed by a vote of the majority of the Managers.

## COLLECTIONS.

13. Every Manager shall collect funds from the church or society she represents. For this purpose she shall, upon application to the Treasurer,

be provided with a book, bearing the stamp of the Association and the signature of the President, in which to record the names of all contributors and the amounts paid. The money shall be given to the Treasurer, who shall write a receipt for the same in the collection book. A carefully prepared list of the contributions shall be given for publication to the Recording Secretary at the Board meeting preceeding the Annual Meeting, or prior thereto.

#### PRESIDING OFFICERS.

14. The President shall preside at all meetings, preserve order, nominate committees, state questions for decision and declare the result. When the meeting is equally divided on any question she shall have the casting vote. The duties of the President shall, in case of her absence, devolve upon and be performed by one of the Vice-Presidents in the order named. They shall be members, *ex-officio*, of all Standing Committees. In their absence a Manager chosen by the Board shall preside.

#### CORRESPONDING SECRETARY.

15. The Corresponding Secretary shall take the minutes of the meetings of the Executive Committee, attend to any correspondence connected with these meetings, fill out Indenture papers, write the Annual Report, and keep a record and, as far as possible, the history of all children received into or dismissed from the Home.

#### RECORDING SECRETARY.

16. The Recording Secretary shall give due notice of the Annual Meeting and of Special Meetings. She shall keep a record of all proceedings of the Regular and the Special Meetings of the Board of Managers, conduct the correspondence connected therewith, and attend to the compilation and printing of the Annual Report.

#### TREASURER.

17. The Treasurer shall take charge of all moneys collected or received for the Association, and pay all bills properly endorsed as correct by one of the Auditing Committee, or by one of the Purchasing Committee, or by one of the Committee on Repairs; report at the monthly meeting the amount of receipts and payments, and at the Annual Meeting furnish audited accounts of the receipts and expenditures of the preceding year and keep a record of the names of all donors and subscribers.

#### EXECUTIVE COMMITTEE.

18. The Executive Committee shall hold its session on the first Tuesday of every month, from the adjournment of the Managers' meeting until 3 P. M., and on the third Tuesday of every month, from 10.30 A. M., to 3 P. M. This Committee shall receive all applications for the admission of children into the Home, or for their removal; exercise a general supervision over the management of the Home and the schools, attend to the hiring of all persons employed, and transact any business of importance

that may require immediate attention. The action of this committee shall be submitted to the Board of Managers at their regular monthly meeting for approval and acceptance.

#### COMMITTEE ON FINANCE.

19. Special meetings of the Finance Committee may be called by the President, Vice-Presidents, or by the Treasurer. This committee shall direct the investments, whether temporary or permanent, of the funds of the Association, and look after and control the monetary affairs. All claims against the Association shall be presented for the approval of this committee.

#### COMMITTEE ON REPAIRS.

20. The Committee on Repairs shall look after the condition of the Home and School buildings and direct all necessary repairs and alterations by and with consent of the Board. All bills must be vouched for by the chairman of the committee.

#### PURCHASING COMMITTEE.

21. The Purchasing Committee shall consist of two supply committees, whose duties shall be to purchase all articles needed at the Home and schools according to instructions from the Board of Managers.

The House Supply Committee shall purchase all dry goods, clothing, furniture, bedding, drugs, fuel, books, etc.

The Table Supply Committee shall purchase all groceries, provisions and table supplies.

The committee shall approve all bills to be paid by the Treasurer.

#### INVESTIGATING COMMITTEE.

22. It shall be the duty of this committee to investigate applications made for the admission of children into the Home when there is a doubt as to whether the applicant is a subject for this charity.

#### INDENTURE COMMITTEE.

23. All applications for placing children in homes shall be referred to this committee, subject to action of Executive Committee. The "Agreement" shall be filled out by this committee; a record of such kept; and when necessary a reminder as to time for annual payment sent to the parties to whom a child is indentured.

#### NURSERY COMMITTEE.

24. The Nursery Committee shall look after the health, food, clothing and management of the children in the nursery and supervise the employees.

#### THE EXAMINING COMMITTEE.

25. The Examining Committee shall visit all the schools in turn, and report at the regular meeting of the Board the progress in study, the neatness and behavior of the children, and the general appearance of the school-rooms.

## CREDENTIAL COMMITTEE.

26. The Credential Committee shall inquire into the fitness of nominees for membership as managers; take measures to fill all vacancies that may occur at any time during the year, and make additions when required. The names of new managers shall be presented by the Chairman, first to the Executive Committee, and they shall be presented to the Board of Managers for action at the meeting next ensuing.

## SEWING COMMITTEES.

27. The Sewing Committees for the Home and Schools shall superintend and aid in the cutting and making of clothing for the children. They shall furnish the Purchasing Committee with a carefully prepared list of the material needed, and they shall be responsible for the material used. It shall be the duty of every member to procure an assistant when she is unable to do the share of the work assigned to her.

## SCHOOL COMMITTEES.

28. The School Committees shall in turn visit the schools upon the stated days for which they have pledged their attendance, and it shall be the duty of each member to provide a substitute when unable to meet her own regular appointments. The School Committee, consisting of the Sewing and Visiting Committees, shall supervise the management of the Teacher and Matron, assist in teaching the girls to sew, and, excepting the school in the Home (School No. 3), shall transact all business connected with the schools which they represent, subject to the approval of the Board of Managers.

## HOUSE COMMITTEE.

29. The House Committee shall inspect the state and management of the Home twice each week, and shall report to the Board of Managers at the regular meeting.

## KITCHEN GARDEN COMMITTEE.

30. This Committee shall superintend the instruction of the children in the Kitchen Garden exercises, and shall either teach or provide teachers for the classes formed.

## HOSPITAL COMMITTEE.

31. The Hospital Committee shall see that the hospital has proper ventilation; that it is properly heated and kept clean, and that in sickness there are suitable nurses provided, and that they faithfully perform their duties.

## COMMITTEE ON INDUSTRIAL EDUCATION FOR GIRLS.

32. This Committee shall supervise the instruction given to the girls in sewing, cooking and such other branches of industrial work as may be considered desirable by the Board.

## COMMITTEE ON INDUSTRIAL EDUCATION FOR BOYS.

33. This Committee shall select such branches of work as may be considered useful for boys, and shall procure teachers and make arrangements for the manual training of the boys in the branches of work selected for them by the Managers.

## SUPERVISION COMMITTEE.

34. This Committee shall look after and select the caretakers, have general supervision over the employees who have care of the children, and see that the general welfare of the children is advanced, and that the children are justly dealt with and kindly treated.

## THE DETENTION-ROOM COMMITTEE.

35. The Detention-Room Committee shall see that the person in charge is the proper person for the place, and that the detention-rooms are kept neat and tidy. Such arrangements shall be made as will enforce a strict quarantine for the children there, and such as will effectually guard the other children from any contagion or epidemic that might be introduced by those in detention.

## COMMITTEE FOR VISITING SCHOOLS.

36. Managers on this Committee are to visit all the schools, make suggestions to equalize the methods of instruction, and by comparing these methods to adopt such as are considered most profitable for the Board and most advantageous for the children.

## MANAGERS' FUND COMMITTEE.

37. This Committee shall collect the dues of such of the Managers as have voluntarily agreed to pay each a certain sum monthly towards the Building Fund, or towards any other debt of the Board which by general vote these contributions may be applied.

## THE MUSIC COMMITTEE.

38. The Music Committee shall arrange for the instruction of the children in music, and see that singing is made one of the regular exercises in all the schools throughout the year.

## ENTERTAINMENT COMMITTEE.

39. To this Committee shall be referred all offers of entertainments made with a view to render pecuniary assistance; they shall also arrange for such entertainments as may be accepted by vote of the Board.

## BY-LAWS.

40. These By-Laws may be altered, added to, or repealed at any regular meeting of the Board, provided notice of such alterations, addition or repeal shall have been given at a previous meeting.

# Rules for the Admission of Children.

---

The regular meetings of the Board of Managers are held on the first Tuesday of every month at 10.30 A.M., at the Home.

The Executive Meetings are held on the first Tuesday of the month at the close of the Managers' meeting, and on the third and fifth Tuesdays of the month from 10.30 A.M. to 4 P.M. Children are admitted to the Home at the meetings of the Executive Board. Applications to take them out of the Home must also be made at these meetings.

In cases of urgent necessity application may be made to a member of the Executive Board for the admission or dismissal of a child, subject to the action of the Board at the next meeting. The price of board for a child in the Home is four dollars per month. If the child is so young, that it requires a place in the Nursery, the price of its board is five dollars. Children are taken on charity, or on partial board, when the investigating committee find that their friends have no means of paying their board. As, however, the regular payment of even four dollars per month does not pay for the expenses of clothing, education and boarding a child, all who are admitted receive from the Association a share of their support gratis.

Children placed in the Home by the Commissioners of Charities are known as County Wards and are paid for from the county funds.

Children are received into the Home when sent by the Society for the Prevention of Cruelty to Children, and provision is made for them by that Society. The first Thursday of the month is the day appointed for the visits of the children's parents and friends. It is the earnest request of the Managers that on these visits parents should not supply the children with cake, candies and unripe fruits. The children wear the clothing supplied by the Association and none other need be supplied by their friends. The only exception to the above, is as to shoes and stockings; these must be provided by their friends. A supply of shoes and stockings, purchased at wholesale, is kept in reserve at the Home; these the parents may purchase at reduced prices should they prefer to do so.

No formal application need be made for the admission of children into the schools of the Association. All may attend, and are invited to do so, provided they cannot attend the public schools; this condition only is insisted upon. The test for admission is the need of food and clothing; if the visitor finds that the parents are fully able to provide these, then the children are not suitable subjects for the Industrial Schools and they must be withdrawn.

An entire suit of new clothing, including shoes, is provided for every child attending these schools; these are made and personally fitted for every one, and are given in the first week in December, on the occasion of the annual Fair. A warm dinner is daily supplied for the children at the noon recess. During holidays and vacations, if the children are in need of food, bread will be supplied for them upon application through the teachers to the Managers on the school committees.

The Home is at all times thrown open to visitors, except on Saturdays and Sundays.

Application for the admission of orphans or half-orphans are referred to the Orphan Asylum Society, Atlantic avenue, corner of Kingston avenue, unless sufficient reasons are given why the rule should not be enforced.

# Rules for Placing Children in Homes.

ADOPTED 1897.

---

RULE 1.—No child shall be indentured before reaching the age of 12 years, except in special cases, and then only by vote of the Executive Board.

RULE 2.—Any person applying for a child will be required to furnish two or more references for investigation, if these prove satisfactory, then an "agreement for three months' trial" shall be signed by the applicant, and five dollars paid at the time, as an equivalent for clothing provided for the child on going out.

RULE 3.—If, after the expiration of three months, the child proves satisfactory, notice shall be sent to the Indenture Committee, and, with the approval of the Executive Board, an Agreement to be binding until the child attains the age of 18 years, shall be sent for signature to those who have taken the child; this Agreement bearing date from the time the child first left the "Home," to be returned and placed on file at the "Home"—a duplicate signed by two of the Official Board, to be sent to the parties taking the child.

RULE 4.—An annual payment of Ten Dollars shall be made by persons taking a child, until he, or she, reaches the age of 16 years, when Twelve Dollars shall be paid till the boy or girl has attained the age of 18 years.

RULE 5.—The annual payments for service of the children shall be sent to the Treasurer of the Association, and a receipt for the same returned as soon as possible thereafter.

RULE 6.—The money received for the service of the child and placed in the bank, shall be given to the child upon attaining the age of 21 years, and the child, on receiving the money, shall give a receipt for the same, which receipt shall be placed in the safe at the Home.
